Chiller Model	Approximate Water Capacity	L	W	H	Motor hp		Approximate Shipping Weight
					Auger Drive	Unloader Drive	
MAT-8WHS	230 gal/ft	*	8' 6"	8' 0"	1/2 hp to 3 hp	1 1/2 hp	480 lb/ft
MAT-10WMS	353 gal/ft	*	10' 7"	10' 2"		2 hp	625 lb/ft
MAT-12WMS	501 gal/ft	**	12' 7"	12' 3"		2 hp	720 lb/ft

\* MAT-8WHS and 10-WMS lengths available in 5 foot increments

\*\* MAT-12WMS lengths available in 4 foot increments

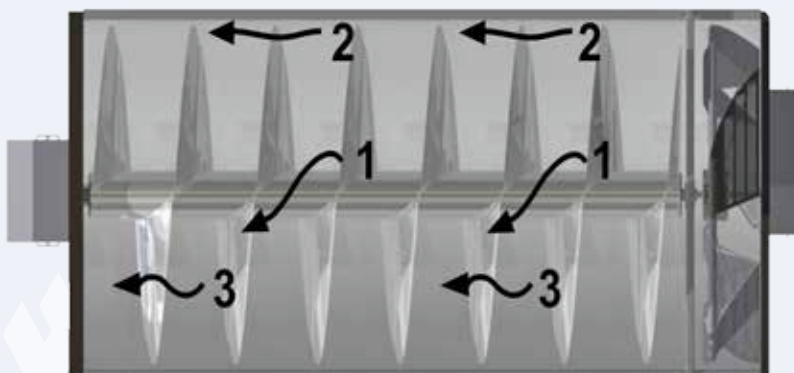

Integrated grill design allows better flow and circulation.

Heavy-duty drive motor, bearing chain and drive sprocket mean longer life.

### IntraGrill™

IntraGrill™ flights ensure:

- Highest water flow available
- Highest water flow through the bird pack
- Elimination of water gradient
